

**SCOUT LEADER WOOD BADGE (2001)  
INFORMATION SHEET - COURSE 92-41 (WEEKENDS)**

**PURPOSE:** Scout Leader Wood Badge is the advanced training program for BSA Leadership. The program is designed to train all Scouters who are directly related to BSA Unit Operations.

**QUALIFICATIONS:** Each Scouter invited to participate in Wood Badge **MUST** have completed the current BSA Basic Leader Training and **MUST** be currently registered in a position directly related to Unit operations. His/her home Scout district **MUST** also recommend the Scouter. Because of the advanced nature of this training, the requirements above may not be waived. It is strongly recommended that the participants have at least one year of camping experience. *Participants should not consider their participation as recognition for past performance, but rather as an opportunity for greater service.*

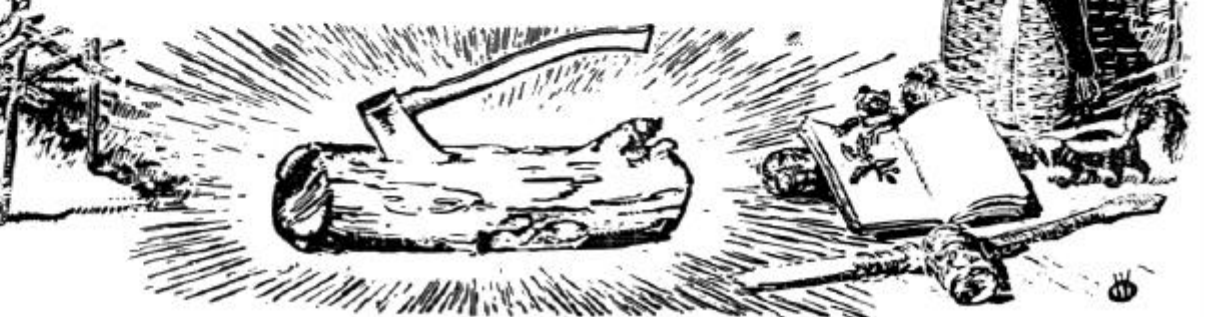

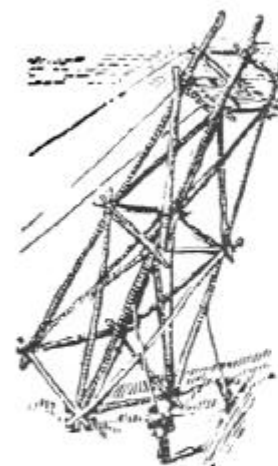

**REMINDER:** Participation in Wood Badge is by invitation only. You will receive an Invitation Letter after your qualifications are verified.

**PLACES, DATES, AND COSTS:** Wood Badge Course 92-41 will be held at the Bert Adams Scout Reservation near Covington, Georgia. Participants **MUST** attend ALL of the following course activities in order to complete the practical phase of the training.
